Copertine din sticla

Copertinele din sticla sunt in mai multe dimensiuni standard, dar pot fi si personalizate specific designul locuintei, centrelor comerciale.

Specifice pentru zone de fumat, alei, sali de asteptare precum si scoli sau restaurante.

Calculate corect la incarcarea cu zapada si vant, copertinele de sticla sunt un element deosebit pe fatadele cladirilor. Produse din sticla securizata si laminata, copertinele sunt structuri complexe- inox si sticla.
